

DIRECTIONS:

If the surface is noticeably soiled, the surface should be cleaned with an appropriate detergent prior to application.

Spray **Guard All** onto the surface, then rub lightly with a clean cloth rag. OR Spray **Guard All** onto a cloth rag, then wipe the surface with the rag.

For best results, the initial application should consist of two coats. Repeat application periodically to extend protection.

NOTE: Do NOT use on floors or other walking surfaces, as the surface will become slippery.

Guard All

Micro-Emulsion Protectant

CAUTION

KEEP OUT OF REACH OF CHILDREN
Net Contents: 1 quart (0.95 L)

Guard All is a silicone, micro-emulsion protectant for use on vinyl, leather, leatherette, rubber, plastic, metal and other similar surfaces. It protects the surface from harmful UV rays and helps keep the surface from drying out and oxidizing.

0851-Q12
