

Pro-Seal

Vehicle Protectant

Faster Wash Time

Preserves Paint

Easy-to-Use

Pro-Seal prevents the bonding of cement, asphalt, bugs, and road film to vehicle and equipment surfaces by forming a hard, durable coating that will last up to 14 days.

Pro-Seal reduces the wash time on vehicles and reduces the amount of chemical that is needed to get the surface clean.

Pro-Seal can also be used as a release agent on equipment, concrete forms, and snow plow blades.

Part#	1386
Form	Liquid
Color	White
Odor	None
