

DIRECTIONS:

This is a highly concentrated product. Do NOT use without diluting.

It is recommended to set the dilution at between 120:1 and 200:1 dilution.

Dilutions may vary depending on water quality and desired effect.

Foam should have the consistency of wet shaving cream.

HYPHER FOAM BRUSH

Concentrated Foaming Detergent

CAUTION

KEEP OUT OF REACH OF CHILDREN
Net Contents: 5 gal (18.93 L)

Hyper Foam Brush is a concentrated high foaming detergent for use in brush-type car and truck wash systems. It provides excellent lubrication for the brushes increasing the lifetime of the brushes and providing minimal wear on the automotive finish.
