

**FOOD PROCESSING**

# HF Plus

## Chlorinated Caustic Cleaner

**Free Rinsing**

**High Foaming**

**Chlorinated for Extra Cleaning Power**

**HF Plus** is a specially formulated synthetic detergent designed to effectively remove heavy accumulations of fat, grease, or protein from equipment. It retains its cleaning properties even at high alkalinities and in the presence of concentrated sodium hypochlorite.

**HF Plus** can be used on stainless steel production equipment in dairy, poultry, fish, and red meat processing plants.

**HF Plus** is for use on ferrous metal only, do not use on galvanized metals, aluminum, or other alkali sensitive surfaces, as damage may occur. Avoid contact with painted surfaces.
