

# FG Chain Lube

## Food Grade Semi-Synthetic Chain Lube

Temperature Range 0°F - 325°F

Rated for Incidental Food Contact

High Flash Point

FG Chain Lube combines synthetic lubricants and mineral oil into a formula that penetrates, lubricates, and protects roller drive and conveyor chains.

FG Chain Lube has a deep penetrating foam that reduces friction and wear on all types of chains and conveyers operating in food processing areas. It is rated NSF H1 for incidental food contact.
