

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DISINFECTION DIRECTIONS: Add 3 oz. of **Detco No-Rinse Sanitizer** per 5 gallons of water to disinfect hard, non-porous surfaces. Before use in federally inspected meat and poultry food processing plants and dairies, food products and packaging materials must be removed from the room or carefully protected. When used on surfaces in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities, this product is an effective fungicide against Trichophyton interdigitale. Apply use-solution with a cloth, mop, sponge, sprayer or by immersion, visibly wetting surfaces. For sprayer applications, use a coarse spray device. Spray 6 - 8 inches from surface. Do not breathe spray. Note: For spray applications, cover or remove all food products. Treated surfaces must remain visibly wet for 10 minutes. For visibly soiled areas, preclean first.

Prepare a fresh solution daily or more often if the use solution becomes visibly diluted or soiled.

This product is not for use on medical device surfaces.

| Sanitizer 200 ppm active quat | 1/4 oz. per gallon of water 1 oz. per 4 gallons of water |

VETERINARY, ANIMAL CARE and FACILITIES / KENNELS DISINFECTION DIRECTIONS:

For cleaning and disinfecting hard, non-porous surfaces: equipment used for feeding or watering animals, utensils, instruments, cages, kennels, stables, catteries pens, stalls and etc. Remove all animals and feeds from premises, animal transportation vehicles, crates, pens, stalls and etc. Remove all litter, droppings and manure from floors, walls and surfaces of facilities occupied or traversed by animals. Empty all feeding and watering appliances. Visibly clean all surfaces with soap or detergent and rinse with water. Saturate surfaces with a use-solution of 3 oz. of **Detco No-Rinse Sanitizer** per 5 gallons of water, and allow to remain visibly wet for a period of 10 minutes. Wipe or allow to air dry. Immerse all animal handling and restraining equipment as well as forks, shovels, and scrapers used to remove litter and manure. Thoroughly scrub all treated surfaces, then rinse all surfaces that come in contact with food, including equipment used for feeding or watering, with potable water before reuse. Thoroughly scrub all treated feeding and watering appliances with soap or detergent, and rinse with potable water before reuse. Ventilate buildings, animal enclosures, and other closed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried.

TO SANITIZE HARD, NON-POROUS, FOOD CONTACT SURFACES:

For sanitizing hard, non-porous surfaces of food processing equipment, dairy equipment, food utensils, dishes, silverware, glasses, sink tops, countertops, refrigerated storage and display equipment¹ and other hard, non-porous surfaces. Prior to application, remove visible food particles and soil by a pre-flush, or pre-scrub and, when necessary, pre-soak. Then thoroughly wash or flush objects with a good detergent or compatible cleaner, followed by a potable water rinse before application of the sanitizing solution. Articles too large for immersing, apply a use-solution of 1 oz. per 4 gallons of water to pre-cleaned hard, non-porous surfaces visibly wetting surfaces. Surfaces must remain visibly wet for at least 60 seconds followed by adequate draining and air drying. Do not rinse. Immerse pre-cleaned glassware, dishes, silverware, cooking utensils and other similar size food processing equipment in a solution of 1 oz. per 4 gallons of water for at least 60 seconds. Drain thoroughly and allow to air dry before reuse. Do not rinse. Prepare fresh sanitizing solution daily or more often if the use solution becomes diluted or soiled. For mechanical applications, use-solution may not be reused for sanitizing applications but may be reused for other purposes such as cleaning. Apply to sink tops, counter tops, refrigerated storage and display equipment¹ and other stationary surfaces by cloth, sponge, brush or coarse spray.

TO SANITIZE FOOD PROCESSING EQUIPMENT, UTENSILS, AND OTHER FOOD CONTACT ARTICLES REGULATED BY 40 CFR 180.940 (a):

- Scrape, flush, or presoak articles to remove visible food particles and soil.
- Thoroughly wash articles with an appropriate detergent or cleaner.
- Rinse articles thoroughly with potable water.
- Sanitize by immersing articles with a use-solution of 1 oz. of **Detco No-Rinse Sanitizer** per 4 gallons of water for at least 60 seconds. Articles too large for immersing must be visibly wetted by rinsing, spraying, or swabbing.
- Remove immersed items from solution to drain. Non-immersed items must be allowed to air dry. Do not rinse.

Footnotes: ¹Allow the surface to adjust to room temperature before disinfection or sanitization.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Open dumping is prohibited. Store in original container in areas inaccessible to children.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Fill container ¼ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

Detco No-Rinse Sanitizer

Disinfectant - Sanitizer

Active Ingredients:

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for Precautionary Statements

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after first 5 minutes; then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For general information on product use, etc. call the National Pesticides Information Center at 1-800-858-7378. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

NET CONTENTS 5 Gal.

Use Detco No-Rinse Sanitizer in: Restaurants, food preparation areas, USDA inspected food processing facilities, animal clinics, kennels. **Use Detco No-Rinse Sanitizer** on washable hard, non-porous surfaces of: Countertops, kennel runs, dishes, coating utensils, cooking utensils, cutlery, glassware, kitchen equipment, other hard, non-porous surfaces made of: Plastic, stainless steel.

As a disinfectant, **Detco No-Rinse Sanitizer** is effective against: Burkholderia cepacia, Campylobacter jejuni, Corynebacterium ammoniagenes, Escherichia coli, Escherichia coli pathogenic strain O157:H7, Klebsiella pneumoniae, Listeria monocytogenes, Pseudomonas aeruginosa, Salmonella enterica, Salmonella typhi, Shigella dysenteriae, Staphylococcus aureus, Staphylococcus aureus - Community Associated Methicillin-Resistant, Staphylococcus aureus - Methicillin-Resistant, Yersinia enterocolitica

Detco No-Rinse Sanitizer is an effective sanitizer at 200 ppm active quat for use on hard, non-porous, food contact surfaces in 500 ppm hard water against: Campylobacter jejuni, Escherichia coli, Escherichia coli O157:H7, Klebsiella pneumoniae, Listeria monocytogenes, Salmonella enterica, Shigella sonnei, Staphylococcus aureus, Staphylococcus aureus - Community Associated Methicillin-Resistant, Staphylococcus aureus - Methicillin-Resistant, Vibrio cholerae, Yersinia enterocolitica

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or absorbed through the skin. Wear protective eyewear (goggles, face shield or safety glasses), protective clothing and protective gloves (rubber, chemical resistant) when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
