

CAUTION

FIRST AID
IF ON SKIN:(or hair) Take off immediately all contaminated clothing. Rinse skin with water/shower. Store in a well-ventilated place. Keep cool.

Dispose of contents/container in accordance with federal, state and local regulations.

ROAD SALT NEUTRALIZER

Removes Salt Residue

Road Salt Neutralizer removes the chalky residue left behind by ice melting products. If left untreated, these road salts can harm and corrode surfaces. It will safely and quickly neutralize those salts without harming the surface.

DIRECTIONS:

Floors: Use 2-4 oz per gallon in mop water. Mop the floor, then rinse with water and allow to air dry.

Carpet: Use 2 oz per gallon of water in a carpet extraction machine.

Vehicles & Equipment: Use 6 oz per gallon of water in a pump-up sprayer. Spray onto surface and allow to soak for 3-5 minutes. Do NOT allow solution to dry on the surface. Rinse thoroughly with water.

KEEP OUT OF REACH OF CHILDREN

INGREDIENTS (CAS#): Water (7732-18-5), Sulfamic Acid (5329-14-6).

NET CONTENTS:
5 Gallons (18.9 L)
